

Fellow EIC

Abdulmotaleb El Saddik - nominated by IEEE Canada

Abdulmotaleb El Saddik est professeur et titulaire d'une chaire de recherche à l'Université d'Ottawa. Il a acquis une réputation internationale dans le domaine des communications multimédia, et notamment dans le domaine des protocoles de communication haptique, audio et vidéo et de leurs applications. Ses travaux novateurs sur l'identification haptique ont mené au développement de technologies novatrices pour améliorer l'authentification des usagers ainsi que leur performance dans des entourages haptiques au sein d'environnements multimédia.

Results of El Saddik's intensive research have been published in prestigious international journals and conference proceedings, and his exceptional contributions have been recognized with numerous awards. In addition, he has demonstrated a high degree of leadership in the profession and is a highly regarded member of the international scientific community. El Saddik is actively involved in the organization of many ACM and IEEE international events and Editorial Boards and tonight, we are pleased to honour him in this way.

Ladies & gentlemen and Mr. President, please welcome Abdulmotaleb El Saddik as a Fellow of the Engineering Institute of Canada.
